Derma Doctor After Sun Lotion is suitable for all skin types. After sunbathing, weathered by the sun soothes and moisturizes the skin. With its formula enriched with Aloe Vera Gel and Vitamin E, it preserves the elasticity of the skin and provides a beautiful and long-lasting tan. When used regularly, it increases the moisture balance of the skin and gives it a silky softness. Thanks to its Vitamin E content, it provides cell protection against free radicals that cause premature aging. Quickly absorbed by the skin. It is suitable for daily use.

SUN LOTION FOR KIDS

Sun Lotion for Kids • 5 Oz (147,8ml)

UV light is the main cause of sunburn, but high-energy visible light can also trigger free radicals that cause further stress to skin.

Derma Doctor Kids Sun Lotion SPF 50+ is a sunscreen lotion for children that soothes sensitive young skin and protects it from sunburn and long-term sun-induced damage. Provides maximum water resistance and long lasting hydration. Helps reduce the risk of sun-induced allergies and rashes. Contains vitamin E to help protect against skin cell damage. Enhances skin's natural protection against sunburn. Leaves skin hydrated, supple and soft.
